

Commercial Building Solutions

④ Versatile and Durable Pre-Engineered Fabric Buildings

Businesses choose Britespan fabric buildings to maximize space with our proven pre-engineered building solutions. More performance. Less hassle. That's what you want out of your investments. Britespan's column-free storage buildings do exactly that with strong, tested materials that deliver long-term benefits.

Our steel-framed modular building systems are manufactured from durable materials including post-production hot-dip galvanized steel and non-corrosive tension fabric covers. Britespan's fabric buildings are engineered for site-specific weather loads and building occupancy, so you know your structure is safe and secure.

Britespan's structures are available up to 200-feet wide to any length and are fully customizable. Flexible foundations, door sizes and styles, custom sidewall, and leg heights, even HVAC and electrical are all available.

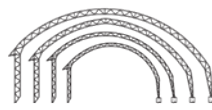

Building Styles

Atlas Series
24' - 108' wide

Genesis Series
80' - 200' wide

Easy Access Series
38' - 67' wide

Epic Series
60' - 160' wide

Magnum Series
66', 73' and 80' wide

Apex Series
53' - 100' wide

The Britespan Advantage

Natural Light & Ventilation

With bright, natural lighting and abundant ventilation inside, a Britespan fabric building provides a comforting environment.

Wide Open Interiors

With no interior columns, you can maximize useable storage space and easily maneuver heavy equipment and vehicles.

Engineered Solutions

All of Britespan's structures are uniquely engineered to meet specific weather conditions and building codes.

Speed of Construction

Utilizing a pre-engineered and modular design, all of Britespan's fabric structures are built faster than conventional buildings.

Corrosion Resistant

Britespan trusses are hot dip galvanized, post fabrication, to prevent any rusting, providing lifelong corrosion resistance.

Local Support

When you buy a Britespan fabric building, you automatically get support from our network of "Local Experts".

Replacement & Repairs

Cover replacements require precise fit and proper cover installation techniques. Our expert installation crews work from original drawings and specifications to provide you a cover that meets or exceeds the original specifications. With local dealers and industry experts across North America, Britespan is there when you need us.
