

Goat Barns, Sheep Barns, Sheds and Shelters

Improve the health of your goats and sheep by reducing moisture and bacteria with a ventilated barn from Britespan. The natural light in a Britespan building minimizes the need for daytime lighting, which reduces operational costs while improving natural breeding and production cycles.

When you buy a Britespan fabric building, you automatically get support from our network of local experts. Dedicated to you, our dealers are experienced in providing support from project inception through completion.

"Our Britespan building has helped us improve our animal's health and productivity, and our operation's efficiency—in a really short amount of time. It's been a great investment."

The Britespan Advantage

Natural Light & Ventilation

With bright, natural lighting and abundant ventilation inside, a Britespan fabric building provides a comforting environment.

Wide Open Interiors

With no interior columns, you can maximize useable storage space and easily maneuver heavy equipment and vehicles.

Engineered Solutions

All of Britespan's structures are uniquely engineered to meet specific weather conditions and building codes.

Speed of Construction

Utilizing a pre-engineered and modular design, all of Britespan's fabric structures are built faster than conventional buildings.

Corrosion Resistant

Britespan trusses are hot dip galvanized, post fabrication, to prevent any rusting, providing lifelong corrosion resistance.

Local Support

When you buy a Britespan fabric building, you automatically get support from our network of "Local Experts".

Replacement & Repairs

Cover replacements require precise fit and proper cover installation techniques. Our expert installation crews work from original drawings and specifications to provide you a cover that meets or exceeds the original specifications. With local dealers and industry experts across North America, Britespan is there when you need us.
