## The Britespan Advantage

### Natural Light & Ventilation

With bright, natural lighting and abundant ventilation inside, a Britespan fabric building provides a comforting environment.

### Wide Open Interiors

With no interior columns, you can maximize useable storage space and easily maneuver heavy equipment and vehicles.

### Engineered Solutions

All of Britespan's structures are uniquely engineered to meet specific weather conditions and building codes.

### Speed of Construction

Utilizing a pre-engineered and modular design, all of Britespan's fabric structures are built faster than conventional buildings.

### Corrosion Resistant

Britespan trusses are hot dip galvanized, post fabrication, to prevent any rusting, providing lifelong corrosion resistance.

### Local Support

When you buy a Britespan fabric building, you automatically get support from our network of "Local Experts".

## Replacement & Repairs

Cover replacements require precise fit and proper cover installation techniques. Our expert installation crews work from original drawings and specifications to provide you a cover that meets or exceeds the original specifications. With local dealers and industry experts across North America, Britespan is there when you need us.
